

Join the Right to Healthcare Coalition's Petition to Queen's Park

The Right to Healthcare Coalition has been working to eliminate the three-month wait for OHIP faced by new immigrants to Ontario. On December 7th, MPP France Gélinas, the NDP Health Critic, will present an official petition of thousands of signed postcards to the Minister of Health and Long-Term Care, MPP Deb Matthews in the Ontario Legislature.

WE NEED YOUR HELP!

Let's fill the visitor's gallery with hundreds of people to show support for this petition!

2:45 p.m.

**Wednesday, December 7th,
2011**

**Main Legislative
Building, Queen's Park**

Did you know that all landed immigrants in Ontario have to wait three months to get their health card?

Delayed health care means higher costs later.

Everyone has the right to health care. Why wait?

Welcome to Ontario... but please don't get sick!

This campaign is organized by the Right to Health Care Coalition.
