Access Alliance is a community health centre that provides services and advocates to improve health outcomes for immigrants, refugees, and their communities, which have been made vulnerable by systemic barriers and poverty. We envision a future in which Toronto's diverse communities achieve **health with dignity**.

Working across the City of Toronto, Access Alliance delivers direct services and engages in community capacity building, research, advocacy and systemic change initiatives.

We are seeking volunteers for our Board of Directors.

Candidates will:

- Be able to commit a minimum of six hours per month to the organization for a minimum of three years;
- Live or work in the City of Toronto; and
- Preferably have legal expertise, or experience working at a systemic level in health system transformation.

It is an exciting time to join our Board and help lead the agency as we consolidate the growth and expansion of the past several years.
