

COMMUNITY PROGRAMS AND SERVICES

Spring–Summer 2026

Programs and services for clients, newcomers, immigrants, refugees and their communities.

Get ready for your visit

GET INFORMATION

Contact us to find out how to register or make an appointment for programs and services:

- AccessPoint on Danforth: EastPrograms@AccessAlliance.ca
- AccessPoint on Jane: WestPrograms@AccessAlliance.ca
- Online Programs: OnlinePrograms@AccessAlliance.ca

LET US KNOW YOUR LANGUAGE PREFERENCES

We are committed to improving access to health care and community programs by providing interpretation in over 180 languages.

CHECK FOR UPDATES

You can find the most up-to-date times, dates and program information by checking our online program calendar: accessalliance.ca/program-calendar

READ ABOUT CLIENT RIGHTS AND RESPONSIBILITIES

We believe in working in partnership with clients to promote health and well-being. [Read about your rights and responsibilities here.](#)

DO YOU NEED A DOCTOR OR A NURSE PRACTITIONER?

Access Alliance is accepting new patients! We can provide you with confidential primary care, interpreting services, health information, and access to additional supports.

To sign up to be a patient at Access Alliance, please speak with one of our secretaries in reception (at any of our three locations), or complete [this online form](#).

Access Alliance Primary Health Care Initiatives:

Access to Primary Care

Access Alliance's Primary Health Care team is a multidisciplinary team including certified diabetes educators, community health nurses, interpreters, medical secretaries, nurse practitioners, physicians, psychiatrists (through the Toronto Urban Health Alliance), registered dietitians, registered practical nurses, registered social workers/therapists, a physiotherapist, and occupational therapist.

Are you a Toronto resident with an M postal code, and you do not have a doctor? Our Primary Health Care team provides primary health care, illness and disease prevention and health education services to immigrants and refugees of all ages, who are made vulnerable by inequitable systems.

We also work in our local communities with people who are affected by the social determinants of health, which often include poverty, racialization of poverty, lack of status and health insurance, and other barriers.

Do you require interpretation services to communicate with your doctor in your home language? We are committed to providing culturally sensitive and language-accessible health care to disadvantaged refugees and newcomers to Canada. Clients are referred to us from immigrant and refugee-serving organizations and through our outreach work in local communities.

Access Alliance Primary Health Care Initiatives (*continued*):

Health with Dignity: Fast Access to Care Clinics

Our Fast Access to Care Clinics (FACC) are onsite and offsite clinics providing episodic care through a single patient encounter, mainly serving individuals who do not have regular access to a primary care provider.

These clinics focus on addressing immediate health concerns, offering culturally relevant care. They aim to deliver targeted care based on community needs, and to facilitate the placement of patients into ongoing primary care.

This model helps bridge gaps in the healthcare system by ensuring that vulnerable and underserved populations receive timely and appropriate care while connecting them to continuous support through primary care networks.

The following two clinics are current Fast Access to Care clinics:

Non-Insured Clinic

One of our onsite FACCs is the Non-Insured Clinic (NIC), a welcoming space for residents of Toronto without status without a family doctor or current coverage under the Ontario Health Insurance Program (OHIP), Interim Federal Health Program (IFHP), or Ontario Temporary Health Program (OTHP). The NIC is located at 340 College St., Suite 500.

We offer free confidential primary care and support on an appointment basis. To book a same day or next-day appointment, please call 416-324-9380. Our clinic team includes a nurse practitioner (NP), nurse, midwife, secretary and peer health support worker. The NIC is closed on all statutory holidays.

For more info: <https://accessalliance.ca/programs-services/primary-health-care-services/non-insured-clinic/>

Open Door

The Open Door (OD) Program aims to improve the health and well-being of high-priority communities in Toronto's west end. Active in many neighbourhoods, the program brings trusted health information, resources, and support directly to residents where they live.

The OD Program is an initiative of the Mid-West Toronto Ontario Health Team, with Access Alliance serving as the lead agency.

By delivering services directly in the community through pop-up health information kiosks and group education sessions, the OD Program is highly accessible to local residents. Supported by trained Community Health Ambassadors, the program offers a range of services, including:

- **Preventive care**, such as blood pressure checks and lung health assessments, along with support in setting and achieving personalized health goals
- **Health coaching** to help individuals identify and address barriers to daily activities and improved health
- **Information and education** on cancer screening, vaccinations, and chronic conditions such as diabetes, high blood pressure, and osteoporosis
- **Group education sessions** focused on healthy living, chronic disease management, mental health, and other wellness topics
- **Assistance with navigating care**, including finding a family doctor and connecting to community services and supports
- **Identification and response** to community health and wellness needs

To learn more about the Open Door Program, access health coaching, or find out the dates and locations of upcoming pop-up kiosks, please contact a member of our team at Info.OpenDoor@AccessAlliance.ca.

Join us for friendly conversation to build your English skills and express ideas, in a welcoming space.

Online

A screenshot of a Zoom meeting interface. At the top, a horizontal strip shows six smaller video thumbnails of participants. The main area is dominated by a large video of a man with a beard and a white headband, wearing a dark blue t-shirt with 'AMU4' printed on it. He is smiling and waving his right hand. In the top-left corner of the main video, there is a small button that says 'Remove spotlight'. In the top-right corner of the meeting window, there is a blue circular button with a white right-pointing arrow. The background of the man's video shows an office setting with a chair, a desk, and a door.

COVID-19 is still with us

As times change, policies shift and restrictions are lifted, COVID remains with us, and will continue to be a part of our lives.

Don't let your guard down, and continue to protect yourself and others.

Stay healthy, stay safe!

Keep your vaccinations up-to-date.

Wash your hands.

Wear a mask when requested.

Respect others.

Access Alliance Language Services (AALS)

AALS offers high-quality language access services to health care, social service agencies, and the broader public and private sectors in the Greater Toronto Area.

AALS recognizes the importance of offering high-quality, accessible language services for clients, patients, and their families and communities.

The team is composed of coordination staff and accredited language professionals who provide a wide range of services including interpretation (on-site and remote), translation and audio/video language recordings. The team also offers interpreter professional development training, and consulting and training services to support organizations in achieving their language access goals.

RIOMIX:

RioMix is a collaborative, centralized and accessible repository of translated materials and multilingual websites relating to health and community care and support. Launched by Access Alliance, this online information library makes it easier for individuals to find and share multilingual health information.

VOLUNTEER WITH US!

Access Alliance welcomes everyone as volunteers! We encourage newcomers, immigrants and refugees to volunteer within the organization, particularly individuals who reflect the broad diversity of the communities we work with, including communities that face racism in Canada, and 2SLGBTQI+ communities.

If you would like to volunteer now, please see our current volunteer opportunities at accessalliance.ca/get-involved/volunteer-with-us.

You can apply for any of these positions by filling out a [Volunteer Application Form](#). If none of the current volunteer opportunities interest you, you can still fill out a [Volunteer Application Form](#) to be placed on our volunteer waiting list.
