

Access Alliance Board of Directors Announces Cliff Ledwos as New Executive Director

June 22, 2026

The Board of Directors of Access Alliance Multicultural Health and Community Services is delighted to announce the appointment of Cliff Ledwos as our new Executive Director, effective July 2, 2026. Following a comprehensive search, Cliff was unanimously chosen as the top candidate, and appointed to lead our organization into its next chapter of delivering accessible, high-quality, and equitable healthcare to immigrants, refugees, and their communities.

Cliff brings over 30 years of leadership experience in the community-based health sector. Most recently, he served as Acting Executive Director at Access Alliance, providing steady leadership and navigating complex changes while guiding an expansion of care and support, securing key provincial grants, and enhancing vital partnerships.

As Executive Director, Cliff will oversee Access Alliance's strategic growth, and work collaboratively with the board, staff, and partners to achieve greater use of community-based health resources, to effectively address the evolving needs of our newcomer clients and communities.

"I am deeply honored to be part of an extremely dedicated team of people at Access Alliance," says Cliff. "Community health centres are the backbone of health equity and team-based care and support. I look forward to working closely with our incredible staff, our clients, and our community partners to build on our centre's rich legacy of creativity, compassion and care."

Cliff is widely recognized for his people-centred approach, commitment to health equity, and mission-driven leadership. His background, strategic vision, and strong relationships across the sector make him ideally suited to lead Access Alliance into our next chapter.

"We are entering an incredibly exciting era for Access Alliance," said Arshia Ali, Chair of the Board of Directors. "Cliff brings a profound commitment to health equity alongside a proven track record of community-driven leadership. The board is confident that his vision, experience and knowledge of the sector and our communities will strengthen our programs and deepen our impact across the neighborhoods we serve."

With thanks,

Arshia Ali
Chair, Board of Directors
Access Alliance Multicultural Health and Community Services
